Happy Holidays

The AITPChicago Board of Directors would like to say “Happy Holidays” and “Thanks For A Great Year”.

Presidents Message

By Paul Dittmann

Special thanks to CIOs Jan LaHayne of Littlefuse, Charlie Melidosian of Baird & Warner and Lloyd Love of Amcol International for participating in our January Chapter meeting at LaMirage. We had 63 guests for dinner and over a third of them paid using the Paypal link on our web site.

SPECIAL RENEWAL OFFERING – AITP National offered last year’s pricing for people renewing in January and also allowed people to add a second year of membership at last year’s prices. As of February 1, the new membership fee for our Chapter is \$200 and the renewal fee is \$185. As before, your membership fee includes a letter from our Chapter that will entitle you to two lunch or dinner meetings at no charge. It also includes free passes for the Executives Club of Chicago’s Technology forums (normally \$100 per event).

Please make sure you update your contact information at AITP National. We had a lot of people that didn’t receive renewal notices because their contact data was missing or invalid. Our Chapter periodically picks up changes from the National level and updates our meeting invitation list. If you are not receiving meeting notices, please send me an e-mail and I will make sure you are put back on our list.

WELCOME NEW BOARD MEMBERS – Please welcome our two new Board Members this year – Tina Gravel of SAS and Tim Gillespie of Gillmann Consulting Group. With our aggressive plans for the coming year we will appreciate all of the help they can give.

RETIRING BOARD MEMBER – Ray Cebold has accepted a position in Lexington, Kentucky that will involve international travel. As a result he has resigned from our Chapter Board. Ray has provided many years of service to AITP, most recently serving as our Chapter’s EVP. We wish him great luck in his new position and thank him for his service and friendship.

NEW SIGs – A new CTO SIG is kicking off in February. This is patterned after our very successful CIO SIG (no vendors are allowed at these meetings). A Project Management SIG is in the planning stage. They will be offering a 2-day class for Project Managers in May or June and will launch their SIG soon after. An Infrastructure SIG is also in the planning stage. In addition, Lise Gorajski, our SIG Liaison Officer is planning to use Bill Cook’s presentation at our February 9th Chapter Meeting to revitalize our Security and Disaster Planning SIGs. Please contact Lise or me if you are interested in participating in any of these Special Interest Groups.

MENTOR PROGRAM – Terry Hinaris, in addition to leading our CRM SIG, is working on a mentoring program for members of our student chapters. Please route anyone you know that is interested in participating as a mentor to Terry or Dave Branigan, our Student Chapter Coordinator.

WEB SITE UPDATES – Please visit our web site on a regular basis. We already have quite a few events posted for the coming months and new items and updates are being added on a regular basis.

As always, keep those articles, presentations and ideas coming. And, remember to take advantage of the events sponsored by the Executive Club of Chicago (www.executivesclub.org). I look forward to seeing you at one of our SIG or Chapter meetings – **and don’t forget to bring a friend.**

Sincerely,

Paul F. Dittmann, President, AITP Chicago, Paul.Dittmann@AITPChicago.com

FREE MEMBERSHIP – STUDENTS

Did you know our chapter pays for the first year of full membership in our chapter to all student chapter graduates? Our chapter has over 300 student members and growing!! For additional information please contact David Branigan, Ed.D. at Student Awards via e-mail at Dave.Branigan@AITPChicago.com

FREE Project Management

Are you still waiting for headcount to increase? Project timetables falling through the cracks? Could you use some extra help? FREE!

DeVry University's capstone course, Senior Project, requires students to "apply knowledge and mastered skills, including problem-solving techniques and project-management methods, to an applications-oriented project."

You can take advantage of this opportunity to have senior-level computer information systems and network and communications management students do a project for you.

If the idea sounds intriguing, send Dave Branigan an email (david.branigan@aitpchicago.com) to find out how to get a project team working for you.

2004 AITP Collegiate Conference Information

The Omaha Courtyard by Marriott has established a block of rooms for the AITP Collegiate Conference April 1st -3rd. You will receive a group rate of 79.00 + tax when you ask for the AITP group rate. We are just 2 blocks from the Hilton Omaha.

We offer Free High Speed Internet and Free Parking!!!!!!!!!!!!!!
We also have an indoor pool and hot tub.

Please check out our web site at <http://www.courtyard.com/omacy> or call me if you have any questions.

Chapters Forming

Two new student chapters are in the formation stage. ITT Tech in Burr Ridge is in the process of writing a constitution and by laws. Paul Dittmann has notified AITP National that the Windy City Chapter intends to sponsor ITT Tech in Burr Ridge. They will soon be submitting their official request to become a student chapter. DePaul University has identified 5 students who wish to form a chapter and are busy trying to find additional students for the requisite 10 members to form a student chapter.

About the Executives Club of Chicago

Chicago-based programs, with global impact

Ranked as one of the nation's top three business forums by the Washington D.C.-based "Top-Speaking Forums," The Executives' Club of Chicago earns that reputation with effective programs and activities.

Our regular luncheon speakers are the CEOs of Fortune 100 companies. We provide our members -- and all Chicago business -- a seat at the table as key diplomats and international business leaders shape policy for the global economy. International Advisory Council assists in establishing critical strategic alliances in cities throughout the world, helping to ensure that wherever our members travel, they can rely on Executives' Club to connect with viable business prospects and partners, to monitor trends, and to gain access to the executives and diplomats who drive the global economy.

Chicago Programs: Club members convene for ten luncheon meetings yearly to hear nationally known CEOs, politicians and policy-makers. Luncheons provide an ideal forum for members to develop business contacts and entertain clients. Our 9 Committees and 4 Special Interest Groups sponsor 30 special briefings on business issues throughout the year.

Washington, D.C.: Executive Leadership Briefings bring Executives' Club delegations together with senior government officials for off-the-record meetings on trade and economic issues.

International: Since 1990, when the Club's first Executive Leadership Mission visited the former Soviet Union and Finland, the Executives' Club has conducted 4 international missions to Belgium, Germany, Hungary and Poland (1992), to the People's Republic of China and Hong Kong (1994) and to Paris, Brussels, Berlin and Prague to meet with senior officials of the European Commission, the European Parliament and senior officials in the public and private sector (1995). Led by Governor Edgar and Executives' Club President Kaarina Koskenalusta, this most recent mission identified a wide range of trade, joint venture and investment opportunities available in these countries for our members in the European market place of 350 million people.

Networking opportunities: Committees and Special Interest Groups

With our membership growing each year, it's sometimes difficult to meet those Executives' Club members who can most positively impact your business. To facilitate networking among our members, the Club has established 13 dynamic committees and special interest groups. These committees develop programs/briefings that focus on specific topics and provide a forum for all Club members with the opportunity to meet and network with other members who share their special interests. In addition, committee members take responsibility for nominating and screening new Club members who will keep our organization vital and enhance the value of Executives' Club membership for all.

Committee members serve by appointment of the Club's Chairman. Active participation (a minimum of 2 general meetings and two briefings per year) is critical to the effectiveness and impact of these committees. If you wish to be considered for a committee appointment, please contact the Club office

Look forward to seeing you at one of these events. Please let me know if you are interested in seating at our reserved "C" level tables.

AITP MEMBERSHIP

The membership numbers are in for the end of December 2002. We again, by a far margin, are the largest AITP chapter in the known universe! Congratulations to all of you on a great 2002 year end to make this happen.

In today’s fast-paced world of technology, there is an association that offers its members limitless opportunities for professional and personal growth. With thousands of IT professionals in 250 chapters across the US and Canada, AITP provides the means for a broader understanding of principles in the IT industry. AITP membership means being a part of a long-standing, progressive, professional association well respected in the Information Technology industry. Involvement in AITP is job enrichment. Enhance your technical and managerial skills, while building your competence and professional dimension. Interaction with a broad spectrum of IT professionals stimulates a disciplined, purposeful and goal-oriented approach to the job and its opportunities.

AITP’s Professional Development includes educational programs on the national, regional, and chapter levels for members in entry-level to upper-management positions. There are also, Special Interest Groups, National & Regional Conferences, Private & Public Sector Recognition Awards, Executive IT / CIO of the Year Awards, and individual member professional contribution Awards.

The heart of AITP lies in its local chapters where members have the opportunity for direct networking with their peers; informal discussions, educational seminars, and exchanges of ideas for the solution of common problems are a major membership benefit.
