## Presidents Message

By Paul Dittmann

### President's Message – July / August 2005

We've had an excellent first half of 2005. As always, we had a great **golf outing** with great prizes, including a 27" HDTV, a 28" TV and a 15" HDTV Monitor – plus lots of software and sports related items. No one won the car, but there's always next year. You can see and download photos from the Gallery tab on our home page.

#### June Events

June, normally a quiet month for AITP, was fairly busy this year. Pat Enright, the CIO of White Hen Pantry, started the month off as guest speaker at the June 2 Sales Leadership SIG meeting. Mark Griesbaum, CIO of Career Education, sponsored a CIO Breakfast Roundtable on June 14<sup>th</sup>. Thank you, Mark, for your continued support. June 16<sup>th</sup> saw a very well attended joint meeting of the IT Governance and PMO SIGs at Blue Cross. Thanks to Tony De Angelo of BCBS for hosting the event which included a full buffet breakfast. The Disaster Recovery and Infrastructure SIGs also had a successful joint meeting at Infonex on June 28<sup>th</sup>. Thanks go to Stephen Wolfcale (DR SIG co-chair) and the Infonex staff for sponsoring the meeting.

The E-Commerce SIG provides value to its members in non-meeting months by posting a relevant article, white paper, presentation or webinar on the [aitpchicago.com](http://aitpchicago.com) web site. Check their SIG page for their June offering.

#### July Events

There is no Chapter Meeting in July, but our E-Commerce SIG is holding a meeting on July 28<sup>th</sup>. The speaker will be R. Raz Jenkins, Senior Recruiter for Tribune Corporate and the topic will be "*Employment Trends in eCommerce and Technology*". Check our web site home page and SIG page for registration information.

Check our home page periodically to see other IT events of value sponsored by other Chicagoland associations.

#### New benefits coming for AITP members

I have been working with Culminis over the past few months to develop new benefits for our members – including free technical training classes for many of our AITP corporate members. More information coming soon!!!!

**Please also support Executives' Club of Chicago events.** To find out how to attend at AITP's discounted rate, please contact [Rich.Barnier@aitpchicago.com](mailto:Rich.Barnier@aitpchicago.com). See [www.executivesclub.org](http://www.executivesclub.org) for more information.

**Web Site Link for Speakers** – If you would like to present at one of our meetings or participate in a panel discussion on a particular topic, please either use the Speakers icon on our homepage or e-mail me at [paul.dittmann@aitpchicago.com](mailto:paul.dittmann@aitpchicago.com).

I look forward to seeing you at one of our SIG or Chapter meetings – **and don't forget to bring a friend.**

Sincerely,

Paul F. Dittmann, President, AITP Chicago

[Paul.Dittmann@AITPChicago.com](mailto:Paul.Dittmann@AITPChicago.com)

## **FREE MEMBERSHIP – STUDENTS**

Student chapter members can save \$165 by joining the Windy City Chapter as interim members upon graduation. Our chapter has over 300 student members and growing!! For additional information please contact David Branigan, Ed.D. at Student Awards via e-mail at [Dave.Branigan@AITPChicago.com](mailto:Dave.Branigan@AITPChicago.com)

## **FREE Project Management**

Are you still waiting for headcount to increase? Project timetables falling through the cracks? Could you use some extra help? FREE!

DeVry University's capstone course, Senior Project, requires students to "apply knowledge and mastered skills, including problem-solving techniques and project-management methods, to an applications-oriented project."

You can take advantage of this opportunity to have senior-level computer information systems and network and communications management students do a project for you.

If the idea sounds intriguing, send Dave Branigan an email ([david.branigan@aitpchicago.com](mailto:david.branigan@aitpchicago.com)) to find out how to get a project team working for you.

## **DeVry University Scholarship Programs**

The price of higher education and the related issue of affordability are key concerns for the families of college applicants. DeVry is keenly aware of this issue.

As a response to address affordability and attract new students who would have a strong technology interest, we have developed several new scholarship programs. I have developed the list of DeVry University Scholarships. All of these scholarships are renewable if the student meets the prescribed level of academic achievement. For more information on any of these scholarships please contact Kerrie Flynn at our campus. She can be reached at extension 3582.

- \* Dean's Scholarship HS students with an ACT score of 24 or higher must start DeVry within one year of graduation
- \* Presidential Scholarship- the top ten Dean's scholars compete for two of these full tuition scholarships after a competitive essay is graded
- \* Community Scholar Award- allows every HS in the state to award a \$1,000 scholarship to any student meeting our entrance criteria
- \* Community College Scholarship allows any CC grad with a 3.3 CGPA to receive a \$1,500 per term scholarship.

\* Community College Community Scholarship allows each regionally accredited two-year college to award a \$1,000 scholarship to any of their graduates meeting our entrance criteria

\* Cisco Scholarship grants a graduate of a HS or CC CISCO Academy program to receive 1 \$1,200.00 per term scholarship.

These students will also receive some course credit for the ECT, NSA and NCM programs.

\* FIRST Scholarship awards a \$1,00 per tem scholarship to students who competed in a regional FIRST Robotics competition.

\* SkillsUSA VICA Scholarship awards a scholarship to HS seniors who place 1st, 2nd, or 3rd in selected competitions.

\* Community College Scholar Award offers the opportunity for every regionally accredited two-year school to award one graduate a DeVry scholarship worth \$1,000.00 per term

### **For HS and CC faculty**

\* Fellowships Allows HS and CC faculty to take up to 12 undergraduate or 9 graduate credit hours and waive all tuition and application fees.

### **DeVry Student Chapter Member Gets Honorable Mention**

Casey Karner, President of the DeVry Tinley Park AITP student chapter, was awarded an honorable mention for his participation in the 1st Annual PC LAN Tournament at the AITP National Collegiate Conference. Our congratulations to Casey on receiving this award.

### **AITP National Conference Announcement:**

The 2005 AITP National Conference will be held in New Orleans on October 6-8 in conjunction with ISECON (Information System Educator's Conference). The conference will be held in the French Quarter at the Sheraton hotel beginning at noon on Thursday through Saturday evening. Come join us in the "Big Easy" for a great time.

For more information, visit our website located at <http://www.aitp.org/nc>

### **AITP SIG Events**

#### **AITP PMO Special Interest Group**

September 14, 2005, 8 AM, Tellabs, Naperville

Topic: Assessing Project Risk

The PMO SIG is for the benefit of project management office practitioners.

It meets monthly to share common concerns and best practices in setting up and running a project management office. Practitioners only, no vendors.

In evaluating projects for implementation what risks need to be considered in making your judgment? Should the project go forward or should we focus on other less risky development? Robert Reed for American Express Tax will begin the discussion with a presentation on risk assessment.

For more information or to register, contact Kathy Harden at 630-376-0646  
events@makecor.com or Marty Klest at Martin.Klest@aitpchicago.com

### **Going Global: Targeting the World’s Second-largest Market**

Japan’s corporate broadband penetration is projected to reach 98.2% and household broadband, 88.1% by 2007. IBM has been in Japan since the 1930s, Oracle and Microsoft since the 1980s.

Even if you have never conducted business in Japan, and can't speak a word of Japanese, you can join the many large and smaller IT and communications companies that have availed themselves of free support services offered by the Japan External Trade Organization (JETRO) to those hoping to enter the Japanese market. Free temporary office space in prime Tokyo, Yokohama, Nagoya, Osaka, Kobe and Fukuoka locations; advisors and support staff work within the same facility, ready to provide assistance whenever problems or questions arise.

M&A is another route to business development in Japan, accounting for nearly 80% of all foreign direct investment in Japan. More information on M&A in Japan can be found at:

## About the Executives Club of Chicago

### Chicago-based programs, with global impact

Ranked as one of the nation's top three business forums by the Washington D.C.-based "Top-Speaking Forums," The Executives' Club of Chicago earns that reputation with effective programs and activities.

Our regular luncheon speakers are the CEOs of Fortune 100 companies. We provide our members -- and all Chicago business -- a seat at the table as key diplomats and international business leaders shape policy for the global economy. International Advisory Council assists in establishing critical strategic alliances in cities throughout the world, helping to ensure that wherever our members travel, they can rely on Executives' Club to connect with viable business prospects and partners, to monitor trends, and to gain access to the executives and diplomats who drive the global economy.

Chicago Programs: Club members convene for ten luncheon meetings yearly to hear nationally known CEOs, politicians and policy-makers. Luncheons provide an ideal forum for members to develop business contacts and entertain clients. Our 9 Committees and 4 Special Interest Groups sponsor 30 special briefings on business issues throughout the year.

Washington, D.C.: Executive Leadership Briefings bring Executives' Club delegations together with senior government officials for off-the-record meetings on trade and economic issues.

International: Since 1990, when the Club's first Executive Leadership Mission visited the former Soviet Union and Finland, the Executives' Club has conducted 4 international missions to Belgium, Germany, Hungary and Poland (1992), to the People's Republic of China and Hong Kong (1994) and to Paris, Brussels, Berlin and Prague to meet with senior officials of the European Commission, the European Parliament and senior officials in the public and private sector (1995). Led by Governor Edgar and Executives' Club President Kaarina Koskenalusta, this most recent mission identified a wide range of trade, joint venture and investment opportunities available in these countries for our members in the European market place of 350 million people.

### Networking opportunities: Committees and Special Interest Groups

With our membership growing each year, it's sometimes difficult to meet those Executives' Club members who can most positively impact your business. To facilitate networking among our members, the Club has established 13 dynamic committees and special interest groups. These committees develop programs/briefings that focus on specific topics and provide a forum for all Club members with the opportunity to meet and network with other members who share their special interests. In addition, committee members take responsibility for nominating and screening new Club members who will keep our organization vital and enhance the value of Executives' Club membership for all.

Committee members serve by appointment of the Club's Chairman. Active participation (a minimum of 2 general meetings and two briefings per year) is critical to the effectiveness and impact of these committees. If you wish to be considered for a committee appointment, please contact the Club office

**AITP MEMBERSHIP**

The membership numbers are in for the end of December 2004. We again, by a far margin, are the largest AITP chapter in the known universe! Congratulations to all of you on a great 2004 year end to make this happen.

In today’s fast-paced world of technology, there is an association that offers its members limitless opportunities for professional and personal growth. With thousands of IT professionals in 250 chapters across the US and Canada, AITP provides the means for a broader understanding of principles in the IT industry. AITP membership means being a part of a long-standing, progressive, professional association well respected in the Information Technology industry. Involvement in AITP is job enrichment. Enhance your technical and managerial skills, while building your competence and professional dimension. Interaction with a broad spectrum of IT professionals stimulates a disciplined, purposeful and goal-oriented approach to the job and its opportunities.

AITP’s Professional Development includes educational programs on the national, regional, and chapter levels for members in entry-level to upper-management positions. There are also, Special Interest Groups, National & Regional Conferences, Private & Public Sector Recognition Awards, Executive IT / CIO of the Year Awards, and individual member professional contribution Awards.

The heart of AITP lies in its local chapters where members have the opportunity for direct networking with their peers; informal discussions, educational seminars, and exchanges of ideas for the solution of common problems are a major membership benefit.
