Presidents Message

By Paul Dittmann

President's Message – March 2005

The Association of Information Technology Professionals (AITP) is pleased to announce that Hossein Eslambolchi, the president of AT&T, will speak at the April Chicagoland chapter meeting. Mr. Eslambolchi will be speaking on the top 10 current trends in technology, and the overall transformation of the telecommunications industry. His presentation will focus on how these trends will affect the customer experience, the array of services that will be offered to customers, and the convergence of company and carrier networks.

As part of AITP's commitment to the continued growth of the information technology profession, we will donate the proceeds from the dinner to the IT Resource Center. The ITRC's primary mission is to assist non-profit organizations in the use of information technology to further their objectives. Over the past twenty years, ITRC has provided heavily subsidized education and consulting services to nonprofit organizations—services that would otherwise be unaffordable for many of these organizations. In accordance with IRS regulations, a portion of the ticket cost is tax deductible.

The ticket cost for the dinner is \$75.00. We are also encouraging corporate sponsorship of tables of ten for \$750.00. The dinner will be held on April 11th beginning at 6 PM at La Mirage Restaurant located in Rolling Meadows. Directions can be obtained at our website.

Our monthly chapter meetings that feature timely topics and notable speakers and our recent collaboration with ITRC are examples of the AITP commitment to the continued professional development of our members and our contribution to the broader Chicagoland community.

We look forward to seeing you at the dinner. Individual reservations can be made at the AITP website www.aitpchicago.com. Corporate table reservations can be made by contacting Diane Jurbergs at Wheels, Inc. at 847-544-4838. We anticipate a very positive response to this informative evening. Reservations should be made prior to April 1, 2005.

Come, join your colleagues and contribute to a worthy cause!

Lawrence F. Buettner
AITP Secretary/Event Coordinator
CIO Wheels Inc.

FREE MEMBERSHIP – STUDENTS

Student chapter members can save \$165 by joining the Windy City Chapter as interim members upon graduation. Our chapter has over 300 student members and growing!! For additional information please contact David Branigan, Ed.D. at Student Awards via e-mail at Dave.Branigan@AITPChicago.com

FREE Project Management

Are you still waiting for headcount to increase? Project timetables falling through the cracks? Could you use some extra help? FREE!

DeVry University's capstone course, Senior Project, requires students to "apply knowledge and mastered skills, including problem-solving techniques and project-management methods, to an applications-oriented project."

You can take advantage of this opportunity to have senior-level computer information systems and network and communications management students do a project for you.

If the idea sounds intriguing, send Dave Branigan an email (david.branigan@aitpchicago.com) to find out how to get a project team working for you.

DeVry University Scholarship Programs

The price of higher education and the related issue of affordability are key concerns for the families of college applicants. DeVry is keenly aware of this issue.

As a response to address affordability and attract new students who would have a strong technology interest, we have developed several new scholarship programs. I have developed the list of DeVry University Scholarships. All of these scholarships are renewable if the student meets the prescribed level of academic achievement. For more information on any of these scholarships please contact Kerrie Flynn at our campus. She can be reached at extension 3582.

- * Dean's Scholarship HS students with an ACT score of 24 or higher must start DeVry within one year of graduation
- * Presidential Scholarship- the top ten Dean's scholars compete for two of these full tuition scholarships after a competitive essay is graded
- * Community Scholar Award- allows every HS in the state to award a \$1,000 scholarship to any student meeting our entrance criteria
- * Community College Scholarship allows any CC grad with a 3.3 CGPA to receive a \$1,500 per term scholarship.

* Community College Community Scholarship allows each regionally accredited two-year college to award a \$1,000 scholarship to any of their graduates meeting our entrance criteria

* Cisco Scholarship grants a graduate of a HS or CC CISCO Academy program to receive 1 \$1,200.00 per term scholarship.

These students will also receive some course credit for the ECT, NSA and NCM programs.

* FIRST Scholarship awards a \$1,00 per tem scholarship to students who competed in a regional FIRST Robotics competition.

* SkillsUSA VICA Scholarship awards a scholarship to HS seniors who place 1st, 2nd, or 3rd in selected competitions.

* Community College Scholar Award offers the opportunity for every regionally accredited two-year school to award one graduate a DeVry scholarship worth \$1,000.00 per term

For HS and CC faculty

* Fellowships Allows HS and CC faculty to take up to 12 undergraduate or 9 graduate credit hours and waive all tuition and application fees.

PROMOTION TO HELP CREATE NEW STUDENT CHAPTERS

Does your alma mater have a student chapter of AITP? Why not help get one started. AITP is conducting a promotion targeted to help establish new student chapters. For new student chapters formed by May 31, 2005, each charter member will be able to join for \$25 versus the usual \$35 annual student membership rate. This promotion applies to applications included with the new student chapter charter application paperwork submission to HQ.

So, contact your alma mater and help them start a student chapter today. For more information contact Dave Branigan, Student Chapter Coordinator for the Windy City Chapter, at david.branigan@aitpchicago.com.

National Collegiate Conference
Spring, 2005 in Atlanta

Oakton Community College, University of Wisconsin / Platteville, and DeVry Tinley Park were part of the group of 762 who attended NCC. Oakton and UWP had some winners in the competitions. A good time was had by all.

We would like to see all Windy City student chapters in attendance next year as the NCC moves to Atlanta.

March AITP Chapter Meeting "Supply Chains for Competitive Advantage"

March 14, 2005, 5:30 PM, Lamirage Restaurant in Rolling Meadows

Supply chain management has moved rapidly from 'poor relation' to high strategy, driving strategic alliances and involving worldwide logistics. Supply chain management offers companies ways to both lower their operating expenses and also increase their service levels to their customers. IT leaders need to understand the essentials of supply chain management and be able to apply these to analyze the needs of their companies and customers. This presentation will introduce you to some of the essential concepts of supply chain management. [Click Here for More Information.](#) [Click Here to Register](#)

Michael Hugos is a noted author on Supply Chain Mgmt & the CIO of Network Services Company, a \$7.2 billion distribution cooperative providing products and supply chain services.

AITP Chapter Meeting - Future Vision, AT&T - VOIP

April 11, 2004, LaMirage Restaurant, 3224 Algonquin, Rolling Meadows, IL

Special Guest Speaker: AITP is pleased to announce that Hossein Eslambolchi, the President of AT&T Global Network Technologies, will be speaking on the top 10 current trends in technology, and the overall transformation of the telecommunications industry. His presentation will focus on how these trends will affect the customer experience, the array of services that will be offered to customers, and the convergence of company and carrier networks.. [Click Here to Register](#)

Net Proceeds of this event will be donated to IT Resource Center. The IT Resource Center helps nonprofit organizations use computers. Founded in 1984, the nonprofit Center provides comprehensive technology planning, training and support services to more than 400 organizations each year. [Click Here for More Information](#)

2005 Golf Outing is on the way. June 22, 2005 at Plum Tree National More info to follow in future issues including registration forms.

THE EXECUTIVES' CLUB OF CHICAGO

www.Executivesclub.org (630) 202-2285

RSVP with Rich Barnier email below.

If you didn't attend the January 11th "The Economic Outlook for 2005 and Beyond" luncheon you missed some great presentations. Terry Savage, Financial Columnist for the Chicago Sun-Times was the panel Moderator. Diane Swonk now former Chief Economist and SVP at Bank One; Jim Rogers Author "Adventure Capitalist" and Alan Murray, Washington D.C. Bureau Chief CNBC were on the panel with great informative updates.

MARK YOUR CALENDARS!

International Ballroom — Hilton Chicago
Reception, 11:30 am Luncheon, 12:00 pm

Please send email to Rich Barnier reserve your ticket 7 days before CEO lunch or High Tech Conference Series date to Rich.Barnier@AITPChicago.com

About the Executives Club of Chicago

Chicago-based programs, with global impact

Ranked as one of the nation's top three business forums by the Washington D.C.-based "Top-Speaking Forums," The Executives' Club of Chicago earns that reputation with effective programs and activities.

Our regular luncheon speakers are the CEOs of Fortune 100 companies. We provide our members -- and all Chicago business -- a seat at the table as key diplomats and international business leaders shape policy for the global economy. International Advisory Council assists in establishing critical strategic alliances in cities throughout the world, helping to ensure that wherever our members travel, they can rely on Executives' Club to connect with viable business prospects and partners, to monitor trends, and to gain access to the executives and diplomats who drive the global economy.

Chicago Programs: Club members convene for ten luncheon meetings yearly to hear nationally known CEOs, politicians and policy-makers. Luncheons provide an ideal forum for members to develop business contacts and entertain clients. Our 9 Committees and 4 Special Interest Groups sponsor 30 special briefings on business issues throughout the year.

Washington, D.C.: Executive Leadership Briefings bring Executives' Club delegations together with senior government officials for off-the-record meetings on trade and economic issues.

International: Since 1990, when the Club's first Executive Leadership Mission visited the former Soviet Union and Finland, the Executives' Club has conducted 4 international missions to Belgium, Germany, Hungary and Poland (1992), to the People's Republic of China and Hong Kong (1994) and to Paris, Brussels, Berlin and Prague to meet with senior officials of the European Commission, the European Parliament and senior officials in the public and private sector (1995). Led by Governor Edgar and Executives' Club President Kaarina Koskenalusta, this most recent mission identified a wide range of trade, joint venture and investment opportunities available in these countries for our members in the European market place of 350 million people.

Networking opportunities: Committees and Special Interest Groups

With our membership growing each year, it's sometimes difficult to meet those Executives' Club members who can most positively impact your business. To facilitate networking among our members, the Club has established 13 dynamic committees and special interest groups. These committees develop programs/briefings that focus on specific topics and provide a forum for all Club members with the opportunity to meet and network with other members who share their special interests. In addition, committee members take responsibility for nominating and screening new Club members who will keep our organization vital and enhance the value of Executives' Club membership for all.

Committee members serve by appointment of the Club's Chairman. Active participation (a minimum of 2 general meetings and two briefings per year) is critical to the effectiveness and impact of these committees. If you wish to be considered for a committee appointment, please contact the Club office

For more information on this and other programs please contact:

AITP MEMBERSHIP

The membership numbers are in for the end of December 2002. We again, by a far margin, are the largest AITP chapter in the known universe! Congratulations to all of you on a great 2002 year end to make this happen.

In today’s fast-paced world of technology, there is an association that offers its members limitless opportunities for professional and personal growth. With thousands of IT professionals in 250 chapters across the US and Canada, AITP provides the means for a broader understanding of principles in the IT industry. AITP membership means being a part of a long-standing, progressive, professional association well respected in the Information Technology industry. Involvement in AITP is job enrichment. Enhance your technical and managerial skills, while building your competence and professional dimension. Interaction with a broad spectrum of IT professionals stimulates a disciplined, purposeful and goal-oriented approach to the job and its opportunities.

AITP’s Professional Development includes educational programs on the national, regional, and chapter levels for members in entry-level to upper-management positions. There are also, Special Interest Groups, National & Regional Conferences, Private & Public Sector Recognition Awards, Executive IT / CIO of the Year Awards, and individual member professional contribution Awards.

The heart of AITP lies in its local chapters where members have the opportunity for direct networking with their peers; informal discussions, educational seminars, and exchanges of ideas for the solution of common problems are a major membership benefit.
