Presidents Message

By Paul Dittmann

President's Message – May 2004

Special Thanks to Cynthia Goss of TransUnion and Greg Jareki of McDonalds for their excellent presentation on Best Practices for Vendor Management Systems at our April 12th Chapter Meeting – and thanks to the 20 other member of the VMS SIG who worked for many months on preparing the document. Their white paper is available on the VMS SIG page of our web site at www.aitpchicago.com.

May 5 & 6 - Free for AITP Members – a two-day Project Management Workshop focusing on managing large software development projects. Thanks to John Braly of TTX for offering to host this valuable workshop. Check our web site to see if opening exist (we will deactivate the link once the class is filled).

Project Management SIG – The May project management class is serving as a kick-off for AITP's new Project Management SIG. Check the Special Interest Group page on our web site for more information.

Also look for information on the Infrastructure SIG – It also is off to a fast start and already has its first three events planned.

May Chapter Meeting on Portal Technologies. Learn about how portals are being used to drive revenue, reduce costs and improve customer & employee satisfaction. Equally important, learn about the underlying technology supporting the portals, how to identify the components needed and how to manage the risks of deployment.

Closer relations with Wisconsin's AITP Chapter. The southern Wisconsin AITP Chapter is growing again. Two members from Wisconsin attended our April Chapter meeting and our members were invited to one of their events focusing on the IT job market for students graduating this June.

GOLF OUTING – June 23rd at Plumtree National, everybody is a winner at the AITP Annual Golf outing – look for more information in this issue and on our web site.

As always, keep those articles, presentations and ideas coming. And, remember to take advantage of the events sponsored by the Executive Club of Chicago (www.executivesclub.org). I look forward to seeing you at one of our SIG or Chapter meetings – **and don't forget to bring a friend.**

Sincerely,

Paul F. Dittmann

Paul.Dittmann@AITPChicago.com

FREE MEMBERSHIP – STUDENTS

Did you know our chapter pays for the first year of full membership in our chapter to all student chapter graduates? Our chapter has over 300 student members and growing!! For additional information please contact David Branigan, Ed.D. at Student Awards via e-mail at Dave.Branigan@AITPChicago.com

FREE Project Management

Are you still waiting for headcount to increase? Project timetables falling through the cracks? Could you use some extra help? FREE!

DeVry University's capstone course, Senior Project, requires students to "apply knowledge and mastered skills, including problem-solving techniques and project-management methods, to an applications-oriented project."

You can take advantage of this opportunity to have senior-level computer information systems and network and communications management students do a project for you.

If the idea sounds intriguing, send Dave Branigan an email (david.branigan@aitpchicago.com) to find out how to get a project team working for you.

Chapters Forming

Two new student chapters are in the formation stage. ITT Tech in Burr Ridge is in the process of writing a constitution and by laws. Paul Dittmann has notified AITP National that the Windy City Chapter intends to sponsor ITT Tech in Burr Ridge. They will soon be submitting their official request to become a student chapter. DePaul University has identified 5 students who wish to form a chapter and are busy trying to find additional students for the requisite 10 members to form a student chapter.

AITP Project Management Class - May 5 & 6, 2004

Click Here to Enroll

<http://www.marketsurv.net/marketcollector/survey.aspx?C=AITPChicagoMtg&DTK=IQjZm>

Or use link at <http://www.aitpchicago.com/>

The workshop will be located at TTX Company, 101 North Wacker Drive, Chicago, IL 60606. We thank John Braly, Vice President of Information Technology at TTX, and his company for hosting this valuable event. Visitor reception is located on the 10th floor, adjacent to the conference room. Attendees should enter the building from Wacker Drive and proceed to the south bank of elevators. Attendees will be required to register at the 10th floor reception desk. Registration is at 8:30 AM. The workshop will run from 9:00 AM to 4:30 PM each day. The cost is free for AITP members and \$995.00 for non-members.

For more information, please contact Lynn Wendt Lynn.Wendt@aitpchicago.com or Paul Dittmann Paul.Dittmann@aitpchicago.com.

Content

The content includes three elements that are:

Presentation- the presentation is structured into four sections that include managing the human element, the iterative development process, managing project complexity and identifying best practices.

Case study and associated team exercises- the case study is based on an Internet development project at Northern Trust. New information or change is introduced for each break out section that correlate to real world problems that arise during the course of a project. The problem to solve is mapped to the first three sections described above.

Class discussion and information sharing - class discussions and sharing of best practices are a major part of the take away from the class.

Look at <http://www.aitpchicago.com> for complete details.

Association of Information Technology Professionals (AITP) Dinner Meeting Events information

Date and Time: May 10, 2004, 5:30 Registration, Presentation at 6:30 and Dinner 7:45

Location: Lamirage Restaurant (On Algonquin Road just few blocks east of Route 53)
3224 Algonquin Road
Rolling Meadows, IL
847-222-1222

Event Type: Presentation and Dinner

Sponsor: Association of Information Technology Professionals AITP

Price: Members \$30, Nonmembers \$40, Students \$20, at the door add \$5

Topic/Theme: Using Portal and Web-Based Technology to Drive Business Results – from a Business and Risk Management Perspective.

How's Your Portal – Are you using it more and enjoying it less?

Learn about:

- Basic Types of Portals - Customer Portals, B2B Portals and Enterprise Portals – from a business perspective – Where's the Value?
- Portal Components – What are they and when do you need them? – Single Sign-on, Portal Frameworks, Dashboards, Content Management, Document Management, Knowledge Management, Collaboration Communities, eCommerce and Web Enabled Workflow Applications
- Learn about the risks involved and how to manage them
- Learn about the keys to adoption - if you don't meet your adoption targets, you won't achieve your planned ROI

Speakers: Bernhard Kappe, CEO of Pathfinder Associates LLC plus a special guest speaker. Pathfinder has extensive experience using User-Centered Design and RUP methodologies to improve the adoption of portals and web based workflow applications using XML and EDI. They have experience using many of the portal products (Plumtree, Vignette, Websphere, CleverPath, Documentum, MS-CMS, OpenCMS, etc.). Clients include: Chicago Sun Times, Marmon, National Opinion Research Corporation, Marsh & McLennan, BEZ and Option Xpress (rated by Barrons as the top online brokerage site for the past 2 years).

How to register:

Please register using the meeting link on the www.aitpchicago.com web site before noon on the Friday before the event. We have to provide the restaurant with an estimate of the attendance. You may also use the web link over the weekend. For late registrations and cancellations on the day of the event, please call Paul Dittmann at 312-264-5669.

*****NEW*** Infrastructure AITP SIG**

Installing and maintaining server security has become a time critical and an around-the-clock job. The challenges facing server security management range from time critical virus detection updates to upgrading applications to process on supportable, defendable operating systems. In addition to challenges of managing the security components, there is also the funding hurdle to justify the cost of security. Plus there is the education aspect that can raise awareness of risky behavior and personal responsibility to make security everybody's business.

This SIG is open to those responsible for infrastructure in their companies (no vendors). It will provide an opportunity for key people to share their experiences with their peers and to help define best practices in infrastructure support.

The group will meet monthly alternating between downtown Chicago and the suburbs. The topics will include purchasing, business continuity, and security. Members may choose to attend bi-monthly or monthly.

There will be regular topical discussions at the meeting followed each time by a sharing and documenting of best practices in the topic areas. The members will decide the discussion topics.

Some of the areas for discussion will be: platforms, storage, servers, and operating systems, emerging technologies, enterprise computing, databases, mobile computing and wireless.

Need not be an AITP member to join the Infrastructure SIG.

Next meeting:

Topic: Regulation compliance (SOX, Hipaa, Basel, Homeland Security)

Date: Monday, June 3, 2004

Time: 11:00 am to 1:00 pm

Place: American Express

1 North Wacker

Chicago

Reservations Required

RSVP. Kathy Harden, 630-990-3990.

Email: Infra@AITPChicago.com

About the Executives Club of Chicago

Chicago-based programs, with global impact

Ranked as one of the nation's top three business forums by the Washington D.C.-based "Top-Speaking Forums," The Executives' Club of Chicago earns that reputation with effective programs and activities.

Our regular luncheon speakers are the CEOs of Fortune 100 companies. We provide our members -- and all Chicago business -- a seat at the table as key diplomats and international business leaders shape policy for the global economy. International Advisory Council assists in establishing critical strategic alliances in cities throughout the world, helping to ensure that wherever our members travel, they can rely on Executives' Club to connect with viable business prospects and partners, to monitor trends, and to gain access to the executives and diplomats who drive the global economy.

Chicago Programs: Club members convene for ten luncheon meetings yearly to hear nationally known CEOs, politicians and policy-makers. Luncheons provide an ideal forum for members to develop business contacts and entertain clients. Our 9 Committees and 4 Special Interest Groups sponsor 30 special briefings on business issues throughout the year.

Washington, D.C.: Executive Leadership Briefings bring Executives' Club delegations together with senior government officials for off-the-record meetings on trade and economic issues.

International: Since 1990, when the Club's first Executive Leadership Mission visited the former Soviet Union and Finland, the Executives' Club has conducted 4 international missions to Belgium, Germany, Hungary and Poland (1992), to the People's Republic of China and Hong Kong (1994) and to Paris, Brussels, Berlin and Prague to meet with senior officials of the European Commission, the European Parliament and senior officials in the public and private sector (1995). Led by Governor Edgar and Executives' Club President Kaarina Koskenalusta, this most recent mission identified a wide range of trade, joint venture and investment opportunities available in these countries for our members in the European market place of 350 million people.

Networking opportunities: Committees and Special Interest Groups

With our membership growing each year, it's sometimes difficult to meet those Executives' Club members who can most positively impact your business. To facilitate networking among our members, the Club has established 13 dynamic committees and special interest groups. These committees develop programs/briefings that focus on specific topics and provide a forum for all Club members with the opportunity to meet and network with other members who share their special interests. In addition, committee members take responsibility for nominating and screening new Club members who will keep our organization vital and enhance the value of Executives' Club membership for all.

Committee members serve by appointment of the Club's Chairman. Active participation (a minimum of 2 general meetings and two briefings per year) is critical to the effectiveness and impact of these committees. If you wish to be considered for a committee appointment, please contact the Club office

Look forward to seeing you at one of these events. Please let me know if you are interested in seating at our reserved "C" level tables.

Your friend in IT,
Richard C. Barnier Chair CEO/CIO Focus Groups

AITP MEMBERSHIP

The membership numbers are in for the end of December 2002. We again, by a far margin, are the largest AITP chapter in the known universe! Congratulations to all of you on a great 2002 year end to make this happen.

In today’s fast-paced world of technology, there is an association that offers its members limitless opportunities for professional and personal growth. With thousands of IT professionals in 250 chapters across the US and Canada, AITP provides the means for a broader understanding of principles in the IT industry. AITP membership means being a part of a long-standing, progressive, professional association well respected in the Information Technology industry. Involvement in AITP is job enrichment. Enhance your technical and managerial skills, while building your competence and professional dimension. Interaction with a broad spectrum of IT professionals stimulates a disciplined, purposeful and goal-oriented approach to the job and its opportunities.

AITP’s Professional Development includes educational programs on the national, regional, and chapter levels for members in entry-level to upper-management positions. There are also, Special Interest Groups, National & Regional Conferences, Private & Public Sector Recognition Awards, Executive IT / CIO of the Year Awards, and individual member professional contribution Awards.

The heart of AITP lies in its local chapters where members have the opportunity for direct networking with their peers; informal discussions, educational seminars, and exchanges of ideas for the solution of common problems are a major membership benefit. Contact Kathleen Ladner at kathleen.ladner@AITPChicago.com

Rich.Barnier@AITPChicago.com

CTO's - our members have requested a new SIG group be formed for those CTO's or equivalent at their companies. We have several CTO's already signed up and are looking for more. Please email me if you are interested in getting together with your peers on a monthly basis to exchange ideas, network and build your resources. Rich.Barnier@AITPChicago.com
